This Agreement is made between the North Carolina Department of Health and Human Services, Division of Public Health (“State”) and the **Brunswick County Health and Human Services** (“Department”) for the purposes of maintaining and promoting the advancement of public health in North Carolina. This Agreement shall cover a period from July 1, 2018 to June 30, 2019 and shall remain in force until the next Fiscal Year Agreement is signed except as provided for in Section J. Termination.

Now, therefore, the State and the Department agree that the provisions and clauses herein set forth shall be incorporated in and constitute the terms and conditions applicable for activities involving State funding. (State funding or funds means State, federal, and/or special funding or funds throughout this Agreement.)

2. The Department shall perform the activities specified in the Agreement Addenda for State-funded budgets. The Department must negotiate these Agreement Addenda in good faith to the satisfaction of State representatives as part of the Agreement execution. The Department will meet or exceed the Agreement Addenda levels unless extenuating circumstances prevail and are explained in writing to the State section, branch or program.

4. The Department shall provide access to patient records to authorized staff from the Division of Public Health (DPH) for technical consultation, program monitoring, and program evaluation, as specified by applicable program rules, Agreement Addenda for State-funded budgets, and by North Carolina Administrative Code.

6. The Department shall share data to support efforts of the public health system, represented by the local health departments, local health programs, and the State (the parties), in order to meet public health objectives. The data will be shared in a manner which respects the confidentiality and integrity of each party’s data and protects the privacy of individual client health information. 8. The Department shall provide to the State a copy of any rules adopted or rescinded by the Local Board of Health pursuant to NCGS § 130A-39 Powers and duties of a local board of health and Public Health

Ordinances adopted by the County Commissioners, within 30 days of adoption or rescission. These rules and ordinances are to be sent to the Local Technical Assistance and Training Branch (LTAT).

The CHA should be a collaborative effort with local partners inclusive of hospitals, businesses, community partners, and the local Healthy Carolinians Partnership (if such exists), and shall include the collection and analysis of primary data at the county and district level (if such exists), secondary data from the State Center for Health Statistics (SCHS) and other sources, and an assessment and analysis of community resources. The CHA shall identify a list of community health problems based on the assessment. Each identified problem shall be prioritized and described in the narrative. The CHA will include data analysis of those indicators listed in the Accreditation Self-Assessment Inventory, Benchmark 1, Activity 1.1. The CHA is due on the first Monday in March following the year of assessment.

    - 1) A CHIP is written for each of two prioritized health problems.
    - 2) One CHIP can be short term in nature (focus for 1-3 years), but the second CHIP must be long term (focus for 5-10 years).
    - 3) Each CHIP should use best evidence interventions targeting health behaviors, the physical environment, social and economic factors, and/or clinical care.
    - 4) The long-term CHIP must be represented in either the CDC 6/18 Initiative, HI- 5 Interventions, be one of the 13 Healthy North Carolina 2020 (HNC 2020) focus areas or in other evidence-based health status indicators.
    - 5) The long-term CHIP should include short-term and long-term interventions with a goal of improving population health indicators (morbidity and mortality).
    - 6) The long-term CHIP could potentially persist for several CHA cycles. With each CHA cycle, the CHIP must be updated to demonstrate that:
      - a) the health problem persists and continues to be a priority
      - b) the current interventions are effective, or that new interventions are needed, and
      - c) the interventions need to be expanded to a new target population.
    - 7) All CHIPs shall include a plan for staffing, training, implementation, monitoring, evaluating, and sustaining.
11. The Department shall provide a state of the county or district health report (SOTCH) during each of the interim years between community assessments. The SOTCH shall include progress made on each CHIP evaluation measure. The SOTCH is due by the first Monday in March during the years a CHA is not submitted.
12. The Department shall make requests for variances in submission of documents in writing in advance of the required date of submission. The LTAT Branch shall notify the Department no later than April 30 of the name of the contractor who can provide this training during the upcoming fiscal year. First priority should be given to training newly appointed members with the ultimate goal of having all BOH members trained as time and resources allow. Continuing education updates on topics of special interest are strongly encouraged after general board member orientation has been provided for all BOH Members.
15. The Department shall provide Network and Internet access at its facilities (or to the county network where desired) at a minimum speed of a full T1 line in order to:

The Department will also ensure security of a minimum of a T1 connection at the Department location. The Department may utilize security products (i.e., firewalls) of its choosing to maintain network connectivity and security integrity. The Department network configuration and security practices must allow communication with systems within the state network.

16. The Department shall incorporate basic elements of the North Carolina Public Health logo and theme line (slogan) into communication materials developed for programs and services that depend, in whole or in part, upon State funding. The logo files are available from the Local Technical and Assistance Training Branch. Such communication materials could include letterhead, business cards, brochures, pamphlets, advertisements or announcements, signs and marketing/promotional materials. 18. The Department shall notify the DPH Deputy Director in writing 90 days in advance of any planned discontinuance of either Care Coordination for Children (CC4C) or Pregnancy Care Management (OBCM) programs. A letter co-signed by the DPH Deputy Director and the Department's local Health Director is required approving a joint transition plan that includes input from the appropriate local partners. Failure to comply with this provision may result in the withholding of all funds from the Department at the discretion of the DPH Deputy Director. (See Attachment A for Discontinuance of the OBCM or CC4C Program requirements.)

This revised baseline figure has been calculated and is provided as Attachment B to this Agreement for the Department's use in budget preparation.
21. The Department shall retain records including electronic records in accordance with the State's basic records retention policy and in accordance with the retention of those records as described in Section C.1.f. Records resulting from these Services shall not be destroyed, purged or disposed of without the express written consent of DPH during the period specified in the State's records retention policy and in accordance with State and federal law. The State's basic records retention policy requires all grant records to be retained for a minimum of five years or until all audit exceptions have been resolved, whichever is longer. If the contract is subject to federal policy and regulations, record retention may be longer than five years since records must be retained for a period of three years following submission of the final Federal Financial Status Report, if applicable, or three years following the submission of a revised final Federal Financial Status Report. Also, if any litigation, claim, negotiation, audit, disallowance action, or other action involving this Agreement has been started before expiration of the five-year retention period described above, the records must be retained until completion of the action and resolution of all issues which arise from it, or until the end of the regular five-year period described above, whichever is later.

- a. The Department shall have an annual audit performed in accordance with the Single Audit Act of 1984 (with amendment in 1996) and 2 CFR 200. The audit report shall be submitted to the Local Government Commission (LGC) by the County Administration (if single county health department) or the District Health Department or Public Health Authority (if so organized) within six months following the close of the Agreement. Audit findings referred to the DHHS Internal Audit Office by LGC will be investigated and findings verified by the DHHS Controller's Office staff with assistance of DPH Program Staff.
  - b. The Department, if it is a District Health Department, Public Health Authority, or Hospital Authority, must complete quarterly a Fiscal Monitoring Report and submit it to the Branch Head of DPH, Local Technical Assistance and Training Branch.
3. The Department shall prepare and maintain a Local Appropriations Budget (reflecting the plans to use local appropriations or earned fees) for each Activity covered by this Agreement in a manner consistent with instructions provided in general budgetary guidance from the DPH and the specific guidance from the respective programs and enter that budget information into the Aid-to-Counties Database for each activity funded under this Agreement.

    - 2) Revenue generated by a local clinic or program that has no State-funded Activity budget (no State or federal funds) should be budgeted and associated expenditures reported in a State Program Activity that most closely matches the deliverables of the respective State program. This process will enable the collection of total expenditures in public health per program.
  - c. All fees collected shall be used in the current year or succeeding fiscal years.
  - d. Use of program income generated by the expenditure of federal categorical funds will be governed by applicable federal regulations, including, but not limited to, 2 CFR 200.

Note: The Department shall report Local expenditures in the appropriate category (e.g., 101, 102, 103, 104, or 106) in the ZZZZ line item in the Aid-to-Counties Database and TFE fees collected in Category 107 in the ZZZZ line item in the Aid-to-Counties Database.

- e. When reporting local expenditures (local appropriations, Medicaid or other earned revenues) the Department must use the Aid-to-Counties Database to report the pertinent month's actual expenditures. (Note that an "actual expenditure" is one for which the item has been ordered, received, invoiced and the check has been issued) or if the Agreement Addendum allows for drawing down funds based on number of individuals screened or provided services, the actual number screened or served multiplied by the per capita rate specified in the Agreement Addendum. The Expenditure Reports must be submitted monthly in the website format and certified in the website to the DHHS Controller's Office.
  - 1) Line item 101 in the Aid-to-Counties Database must be used to report local appropriations that were expended on a monthly basis.
  - 2) Line item 102 in the Aid-to-Counties Database must be used to report Title XIX (Medicaid) earned revenues that were expended on a monthly basis.
  - 3) Line item 103 in the Aid-to-Counties Database must be used to report other earned revenues that were expended on a monthly basis.

  - 6) Line item 107 must be used to report Limited Food Services Establishment fees collected on a monthly basis.
- f. A local account shall be maintained for unexpended earned revenues (i.e., Title XIX fees, private insurance or private pay [cash]). Accounts shall be maintained in sufficient detail to identify the program source generating the fees.
- g. The amount of Title XIX fees budgeted and expended in FY 2018-2019 must equal or exceed the amount of Title XIX revenues earned during FY 2016-2017. The State will not approve program activity budgets that do not include an amount of Title XIX fees sufficient to meet the

requirements of this section. The State may waive this requirement if the Department provides sufficient justification.

5. For State and federal revenues only, the Department shall submit a monthly report of actual State and federal expenditures to the DHHS Controller's Office in the Aid-to-Counties Database.
  - a. Reporting in the Aid-to-Counties Database shall be by line item as referenced in Section C. Fiscal Control, Paragraphs 4.d and 4.e.
  - b. The Department shall submit to the DHHS Controller's Office a monthly Expenditure Report of the pertinent month's actual expenditures for all programs via the Aid-to-Counties Database. The Office of the Controller's Aid-to-Counties Expenditure Control Schedule, published annually in December for the next calendar year, provides the submission dates for these expenditures. This schedule allows the Department at least seven days to enter the pertinent month's expenditures into the Aid-to-Counties Database. Failure to meet the reporting deadline will result in the exclusion of those expenditures for that month. The Department must submit these monthly Expenditure Reports via the Aid-to-Counties Database consecutively throughout the Agreement period.

The health director and the finance officer will approve the monthly Expenditure Report in the Aid-to-Counties Database and the system will alert the staff in the DHHS Controller's Office that expenditures have been approved and certified. The "Certification" verifies that the total State and federal expenditures reported are valid for the pertinent month's actual expenditures. Local expenditures are part of the Expenditure Report, but are not included in the amount verified in the "Certification." Local appropriations must be reported monthly along with the State and federal expenditures. Funding is based on an allocation method, not a contract method, and counties receive reimbursement for services provided during one month in the following month.

- c. The final Expenditure Report for the SFY, the last service month to be paid in the SFY, will be May services which are reported and paid in June. (Services provided in June and reported in July will be paid out of the next SFY.)
- d. When Agreement Addenda are supported by federal funding or grants that do not coincide with the State fiscal year, care must be taken to be attentive to the service month and payment months for each grant as well as the ending liquidation date for each grant. Expenditures of federal funds must be reported according to the funding period for a grant. For each grant, the Budgetary Estimate document and the Funding Authorization document will have service and payment month dates listed. Failure to report expenditures after the payment period ends may result in non-payment.
- e. The Department shall have the opportunity to submit amended expenditure reports in the month following discovery of the error. The Department should not wait to submit all adjustments with the invoice submitted to the Office of the Controller at the end of May as that will not allow sufficient time for verification of the adjustments before the last payment in the State Fiscal Year.
  - 1) In accordance with Paragraph 4.d, above, the Department must keep current on reporting adjustments against federal funds to ensure such adjustments are received in time to be paid within the grant's payment period.
  - 2) The Department shall review their prior reimbursement claims against payments monthly.
  - 3) Amended expenditure reports must be submitted no later than the next reporting date after the grant period ends in order to be paid unless an exception is approved by the DPH Budget Office.

- 4) Any overpayments identified by either the State or the Department will be adjusted out of the next month's claim for reimbursement by the DHHS Controller's Office or by submitting a check to DHHS for payment if it is the last month of the fiscal year or the federal grant is closed. ## ATTACHMENT A

**A. Discontinuance of the OBCM or CC4C Program**

The Division of Public Health (DPH) is responsible for assuring the Statewide provision of Pregnancy Care Management (OBCM) and Care Coordination for Children (CC4C) services. DPH considers this a core public health service and prefers that each local health department continues to provide it. Every resource including technical assistance from the regional consultants and Women's and Children's Health (WCH) Section should be used to resolve issues to prevent discontinuation of services.

In the event that the Department decides it can no longer fulfill this obligation, the Department shall:

1. Notify the DPH Deputy Director in writing of the Department's intention to discontinue the service 90 days in advance of any planned action.
2. Cooperate with the DPH Deputy Director's office in developing a joint plan for transition that will include the appropriate local partners.
3. Prepare a joint letter co-signed by the DPH Deputy Director and the Department's Health Director outlining the agreed upon terms for the transition.
4. Submit an Assurance Plan as outlined in Section B to the DPH Deputy Director's Office that includes a copy of any proposed subcontracts. This plan must be approved by the DPH prior to execution of the pilot model period.
5. Upon approval of the pilot model, the Department shall submit monthly reports to DPH that includes program activity updates and service data. Reports shall reflect reporting requirements in network contracts for the Medicaid population and in Agreement Addenda for the non-Medicaid population, including the monthly status reports from the service provider.
6. Notify DPH 90 days before the scheduled end of the pilot period regarding the Department's desire to continue the program past the pilot phase. DPH will review the progress of the pilot and determine whether it is in the best interest of the DPH to renew the pilot and report back to the Department 30 days before the scheduled end of the pilot period.

Discontinuance of OBCM or CC4C without an approved transition plan may result in the withholding of all funds from the Department at the discretion of the DPH Deputy Director.

**B. Assurance Plan Requirements for OBCM or CC4C**

If the approved transition results in the Department moving to an assurance model for OBCM, CC4C or both to another service provider for a pilot period of up to one year, the Department shall:

1. Monitor and evaluate the service provider quarterly based on the agreements outlined in the transition plan assurances model.
2. Provide monthly status reports on the implementation of the pilot model inclusive of all components of this Section B: Assurance Plan Requirements for OBCM or CC4C, with both Medicaid and non-Medicaid clients in the report. These reports are to be delivered to the OBCM and CC4C regional consultants and the respective program managers.
3. Conduct quarterly meetings with Executive Level County Health Department and Network representatives to review OBCM and CC4C services. Provide meeting dates, agendas, and names of the meeting attendees to the OBCM and CC4C regional consultants.
4. Assure that the service provider includes a copy of the county's monthly program activity and service level data to the Department's Health Director on a monthly basis.
5. Provide a clear and comprehensive description of the entire care and case management system including:
  - a. A description of services for both the Medicaid and non-Medicaid children and Medicaid women (and also non-Medicaid women, if appropriate). Include a statement of how the county will

- address Agreement Addendum (AA) deliverables for the OBCM and CC4C programs and provide oversight through Executive Leadership to assure that AA deliverables are met for both programs. The Agreement Addenda for Activity 101 Maternal Health and Activity 318 Care Coordination for Children programs will be revised to reference this effort as a one-year pilot;
- b. A statement on how the county service system components interact;
  - c. The staffing plan;
  - d. Outreach strategies;
  - e. A description of the client triage model for early childhood and maternal health programs and services for the county;
  - f. A description of the referral system both to and from the care management systems. Develop criteria for referral of all first-time mothers to the women's and children's home visiting programs. Those not eligible for the women's and children's home visiting programs or for those who decline the services will be referred to OBCM. The plan should include a process to follow-up on referrals to assure they were successfully completed and the referral outcomes;
  - g. Follow-up strategies;
  - h. Accountability and monitoring plans that cover Department responsibility for all of the Title V components including non-Medicaid care management services and school nurses;
  - i. A description detailing the overall goals and strategies of the Department's plan to develop a unique continuum of care for these populations. This should include school nurses, case management for the non-Medicaid eligible children, Nurse-Family Partnership, and other pertinent women's and children's services in the county;
  - j. A statement on how the Department will maintain a clear audit trail for the various components of the system.
6. Describe the program monitoring process including the procedure for corrective action plans in the event they are warranted. The program monitoring process should also include analysis of county program activity reports and outcomes indicative of clients' successes based on the program evaluation criteria.
  7. Provide a statement on how the Department will coordinate and transition clients in collaboration with school nurses as an extension of OBCM/CC4C/CCNC (Community Care of North Carolina) care coordination in the school setting. If so, include information about the involvement of school nurse consultants in the planning process, prior to implementing the case management system in the county schools.
  8. Ensure that the service provider's CC4C coordinators complete the Life Skills Progression (LSP) assessment and focus on children with toxic stress. A strong concern is that the typical medical model of CCNC care management is very different than the medical and socioeconomic model used in public health. One of the values of the CC4C model is the additional focus on prevention and health promotion. The LSP is a tool that allows CC4C to assess, intervene and track progress of a family toward self-reliance and self-sufficiency. The CC4C goal is not just to make a referral to community resources, but to teach a family how to identify and access resources themselves—to act as their own advocates and prompters in seeking out resources, to understand the value of Medical Home and regular preventive care for their child, and to actively participate in their child's health and development. The Department shall ensure that the service provider's CC4C coordinators describe how this focus has been maintained.
  9. Describe the payment mechanism. While this is classically a subcontract relationship, DPH recognizes there are practical concerns in shifting funds back and forth between the health department and the network. Provide a detailed accounting for expenditures of DPH funds to support services for both Medicaid and non-Medicaid clients.
